

March 2023 Stormwater Advisory Committee
3/28/23
5:30 p.m. in the Public Works Conference Room at 120 W. Dougherty Street

Committee Members In Attendance:

- Bruno Giri
- Cassidy Lord
- Jamie Hill

Others in Attendance:

- David Hyder – Stantec - virtual
- Todd Stevenson
- Nancy Cerrato – virtual
- Rani Katreeb - virtual

Approval of January Minutes

- Bruno motions to approve
- Jamie seconded
- Motion passes unanimously

Consideration of Financial Options

- Jamie motioned to recommend Option 3 as depicted in the Stantec Powerpoint presentation. This option included limited driveway cleaning, a rock program, enhanced street sweeping, one million dollars per year for sustainable stormwater capital maintenance, and accounted for inflation.
- Bruno seconded
- Motion passed unanimously

Consideration of Proposed Revised PW-002

- Todd explained that the original PW-002 was written in 1992. Stormwater management philosophies had changed significantly since then. Therefore the proposed revision was a complete re-write of the policy. PW-002 is referenced in ACCGov Chapter 5-5.
- Jamie motioned to approve.
- Cassidy seconded
- Motion passed unanimously

Consideration of Contextualized Committee Statements

- No motion was made regarding the contextualized committee statements
- Committee members favored bringing all committee member statements to Mayor and Commission.
- Committee members discussed potential ways of bringing recommendations forward to the Mayor and Commission. One idea was for each committee member to articulate

over a maximum of three minutes the issues they found most compelling and significant.

Adjournment

- A date was not set for the next meeting.
