

ACCGov

FUTURE LAND USE

Information session
(1 of 10)

Friday, Apr. 4

Athentic Brewing

108 Park Ave.
Athens, GA 30601

5:30-7:00 PM

Drop-in Opportunities:

Planning Department staff are also available for residents to drop-in on weekdays, April 1-30, 9:00 AM - 4:00 PM, 120 West Dougherty Street

About:

The Future Land Use map is a policy guide that provides general direction for the density, character, and location of land uses based on a shared vision for the future.

Your input will help shape the Future Land Use Map. Join the ACCGov Planning Department at one of these informal drop-in sessions to learn more about the Future Land Use map and provide feedback.

These maps and other policy decisions about land use will help update the state-required Comprehensive Plan (Comp Plan) that is due in 2028 and also help rewrite the zoning code.
