

Athens-Clarke County Public Utilities Department  
**2025 Capital Improvements Element**

Project  
**3-326**

**Project Name**

Upper North Oconee West  
Trunk Improvements  
Phase 2

**Project Category**

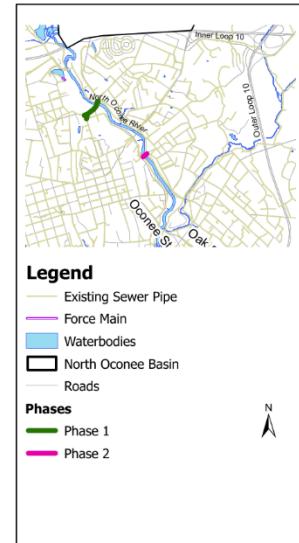

Rehabilitation and  
Replacement

**Project Cost**

\$2,800,000

**Key Elements**

1. Installation of 200 LF of new sanitary sewer (SS) pipe.
2. Improved sewer flow capacity due to upsized pipelines

**Project Description**

Phase 2 includes the installation of a new river crossing for the Upper North Oconee West trunk within the North Oconee WRF sewer basin. This project will increase the flow capacity of the collection system servicing the downtown area by increasing pipe size and providing a direct conduit to the Upper North Oconee East trunk line on the opposite side of the North Oconee River. A breakdown of the Phase 2 improvements includes:

- Installation of approximately 200 LF of 24" diameter SS pipe
