## Applicants: Completing the Application

As a cloud-based system, ZoomGrants makes it easy for applicants to work on and submit their applications. ZG takes the program content and requirements set up by the program administrator and provides helpful features to facilitate the application process. Read about the basics, below.

### Step 1: Go to Organization's ZoomGrants Page

Navigate to the ZoomGrants page for the organization by using the link provided to you by the program administrator.

The screenshot shows the ZoomGrants application interface. At the top, there is a login form for existing users with fields for Email and Password, and a 'Login' button. Below the login form, there are links for 'Step 1: Go to Organization's ZoomGrants Page', 'Step 2: Create an Account & Log In', 'Step 3: Create Your Application', 'Step 4: Invite Others to Collaborate (as necessary)', 'Step 5: Fill out Questions, Budget, & Tables', 'Step 6: Upload Documents', and 'Step 7: Submit the Application'. A large red arrow points from the 'Step 1' link to the 'New ZoomGrants Account' registration form on the right. The registration form is titled 'New ZoomGrants™ Account' and includes fields for Email, Password, First Name, Last Name, and Account Type (Organization or Individual). It also includes a 'New Account' button and a note for existing users to log in. The main content area shows 'ZoomGrants University' with 'Open Programs' and two listed: 'ZoomGrants Tutorials' (10/23/2020) and 'ZoomGrants University' (12/31/2021). Each program has 'Apply' and 'Preview' buttons. A note at the bottom of the main content area says 'You must be logged in to start a new application.'

**NOTE:** For this first step, do not go to the ZoomGrants homepage. Once you've started an application using the link above, you can log in at <https://ZoomGrants.com/login>

Step 7: Submit the Application

**NOTE:** In ZoomGrants, each application is officially associated with a single account and each account is 'owned' by a single user and accessed by a single email address. We recommend that the person who will be the primary contact for applications creates the first account for an organization. Once that person creates their account, gets logged in, and starts the application(s), they will be able to invite other people to collaborate on all or some of the applications in their account.

## Step 4: Invite Others to Collaborate (as necessary)

### Summary Tab (1st tab of application) > Collaborators

Use the Collaborators section in the first tab of the application to invite others to work on this application with you.

- A. Enter their email address, first/last name, and title.
- B. Indicate on which sections they are allowed to collaborate.
- C. Click the Invite button. An invitation will be sent to their email address. They'll be able to set up an account by which they can access and edit the application.

## Program/Application Content

In each program, the program administrator decides what content they'd like to request from the applicant. As a result, the tabs, questions, and requested documents will differ between programs and organizations. *(For ZGU search and training purposes, refer to the default tab labels to find the appropriate resources.)*

Admins also decide how to capture the information from their applications. They can choose the question type for each question, what features to use, what files to request, etc.

 The program admin controls the application content.

ZoomGrants staff plays no role in determining the content requested by the administrator from the applicants.

If you have a question about the application content or what is expected of you, please use the **Contact Admin** tab in the application in your account to send an email directly to the program contact. *The ZoomGrants tech support staff cannot answer content-related or requirement-related questions.*

 Character Counts

Text questions will be limited to a specific character count. Characters include letters, numbers, spaces, punctuation marks, and carriage returns. A page of text is approximately 3000 characters. ZoomGrants automatically limits short-answer responses to 255 characters or fewer (a healthy sentence or two). Paragraph-style response limits are set by the admin on each question, so they may differ. Learn more about the character counter [here](#).

## Auto-Save Feature

The system will automatically save your answers as you move through the application and enter text then click outside of each text box or select a multiple choice or checkbox item and click into a new field. Click on the tabs to quickly jump to another section of the application or use the 'Next' and 'Previous' buttons at the bottom of the tabs to move sequentially through the application. You do not need to finish the application in one sitting nor do you need to intentionally save it.

Read more about the auto-save feature [here](#).

**NOTES:**

- Any document request marked with a yellow 'Required' note MUST have something uploaded or linked in that slot in order for your application to be submitted. If you feel a required request is not applicable to you, create a document in which you note the inapplicability and upload that into the slot.
- If the administrator has provided a template, click the orange 'Template' link to download that template. Fill it out, then upload it into that slot.
- Click the Help button in the File Upload Window to access a quick tutorial video (also available here: [http://youtu.be/b0lxkjss\\_Ow](http://youtu.be/b0lxkjss_Ow)).
- If you finish your application by uploading documents, use the grey Refresh Page button to reload the page before clicking the Submit Now button to submit your application.

## Step 7: Submit the Application

Click the gray Submit Now button (indicated by blue box) at the top of the application when you've completed the applicable content in every tab. The system will check to ensure you have answered every question and uploaded all 'Required' documents. Any skipped questions or missing documents will be listed in red (indicated by red box). When you're done with your edits, use the gray Refresh Page button in the application to reload the page, then click the Submit Now button to re-run the check. If your application is complete, you'll be able to enter your initials and officially submit the application.

**NOTE:** If the administrator has chosen to let you make changes to your application even after it has been submitted, you can edit your submitted application up until the deadline passes. If you do make any changes, you do NOT need to 're-submit' it. The changes are automatically reflected in the submitted application.

### Check for Completion

The completion check verifies that you have answered the applicable questions and uploaded 'Required' documents, but you are responsible for ensuring you have completed the content requested in the budgets and tables (as applicable) and uploaded the documents that are requested but not 'Required'.

Read more about the check for completion [here](#).

### Application Print Preview

Click the Print/Preview button to print a copy of your entire application. The Print/Preview also shows the calculated columns in tables in the Budget tab (if the program admin has set any up).
