## Public Utilities

The logo for 'Water Source' features the word 'water' in a thin, blue, lowercase sans-serif font. Below it, the word 'SOURCE' is written in a bold, blue, uppercase sans-serif font. A large, blue, textured water droplet is positioned behind the letter 'O' in 'SOURCE', partially obscuring it. The droplet has a realistic appearance with many small bubbles and highlights on its surface.

# Award winning service!

At the Georgia Association of Water Professionals Fall Conference, ACC Public Utilities earned recognition for excellence in operations and service. Awards include:

Collection System  
– Gold Award

Water Distribution  
System – Gold Award

Consumer Confidence  
Report – Gold Award

Customer Service Award – Arkedia Raines,  
Water Business Office Administrator

# SEWER THINGS

Thanks to everyone who submitted an ending to our Sewer Things comic! There were many creative submissions revealing the true monsters of the ACC sewer underworld—so called “flushable” wipes and FOG (Fats, Oils, and Grease).

Artists focused on what should claim this upside down domain—the 4Ps heroes: Pee, Poo, (toilet) Paper, and Puke. Remember, the 4Ps are the only things that should be flushed down the toilet.

## FEATURED SUBMISSION

Emma, age 10, from Barrow Elementary, created the featured ending at left.

## NEW PARTNERSHIP

# Supports Water Affordability

As an Athens-Clarke County (ACC) resident, you now get special savings on natural gas thanks to our new partnership with Gas South. Plus, joining Gas South means you're helping support your community—this partnership directly benefits ACC's affordability programs.

Here's how it works:

Gas South customers using the promo code ATHENS receive special savings: no deposit, no connection fee, and a 2¢ per therm discount.

For every customer who enrolls, Gas South contributes funds to a water affordability assistance program for ACC households facing financial hardship.

## Congratulations Rhonda Bray

Congratulations to Rhonda Bray, Administrative Assistant III, who recently retired after 24 years with the Public Utilities Department (PUD) and 34 years in the Athens-Clarke County (ACC) government overall.

Born and raised in Athens, Rhonda previously worked at Athens Regional Medical Center, DelMar, UGA, and Athens Country Club, and originally joined ACC through Leisure Services, before finding her home in PUD. She saw the PUD evolve through new directors, new software, and a culture that continues to grow. Rhonda was the steady hand behind countless deadlines, schedules, agenda items, and day-to-day operations.

Rhonda says she'll miss her ACC coworkers, and if she had to do it all over, she'd choose the same career! However, she's looking forward to spending her retirement in yoga pants, spoiling her grandchildren—both two- and four-legged! Also on the top of her list is traveling with her best friend of 45 years.

**Thank you, Rhonda.** We're grateful for your decades of service and we wish you a happy, well-earned retirement!

# Avoid frozen pipes!

Frozen pipes in your house or apartment can cost a lot to repair and leave you without water.
