

# You're Invited

ACC Stormwater is hosting open house meetings to provide information about the current Stormwater Utility Fee review. As a Stormwater customer, your feedback is welcome and will play a valuable role as we move forward. We hope to meet you at one of the following locations:

**ACC Library**

Thursday, January 24

**J.J. Harris Elementary**

Tuesday, January 29

**Barnett Shoals Elementary**

Wednesday, February 6

**Timothy Road Elementary**

Monday, February 11

**Winterville Depot**

Thursday, February 26

All meetings will be held from **6:30 to 8:00 p.m.**

# **We want to hear from you!**

We are hosting an online comment form for customers who cannot attend a meeting in person. To access the form or learn more about the fee review, visit [www.accgov.com/stormwater](http://www.accgov.com/stormwater).

## ***In case you missed it...***

ACC Stormwater is working with Stantec Consulting to conduct a comprehensive review of the Stormwater Utility Fee. The first phase looked at level/extent of services and a funding strategy for fixing failing stormwater pipes. Fee revenue is insufficient to address failing pipes, and therefore, a rate increase is being considered. The second phase will examine rate structure and fee credits.
