PROJECT # 84

**\$18 million for projects to move Athens towards
100% Renewable Energy**

We can fund projects such as...

*Net Zero
Buildings*

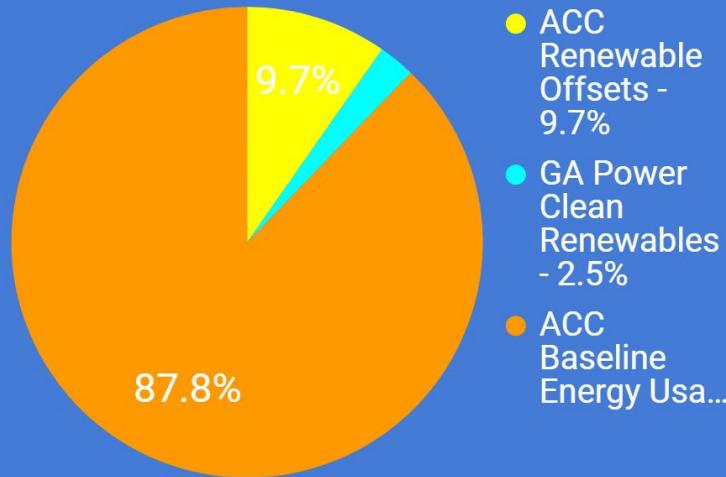

*Electrify
ACC Fleet*

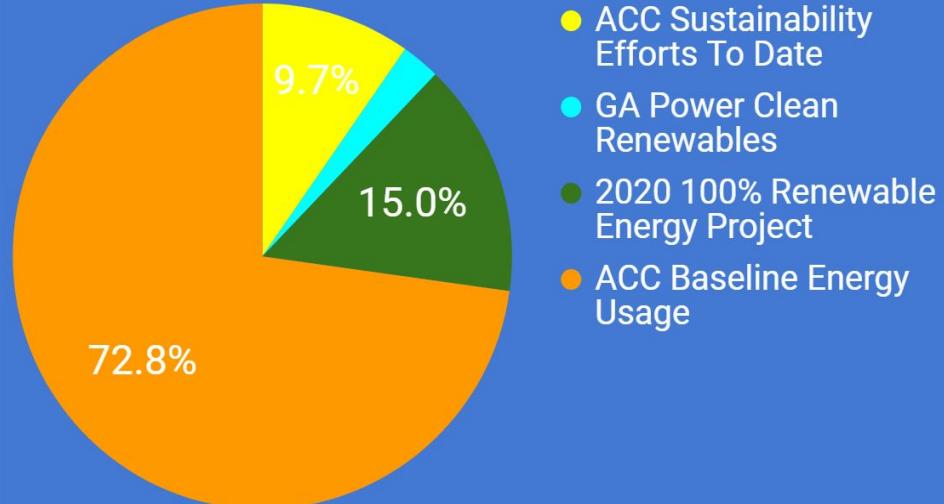

*Solar Rooftops
for low-income
housing*

Energy mix

Current Renewable Offsets

Renewable Offsets with SPLOST 2020

Investing in Renewable Energy saves ACC money...

...right away!

\$18.3 million of Investment in Renewable Energy and Efficiency Projects

will result in

\$1.3 million in savings per year from avoided energy and fuel costs

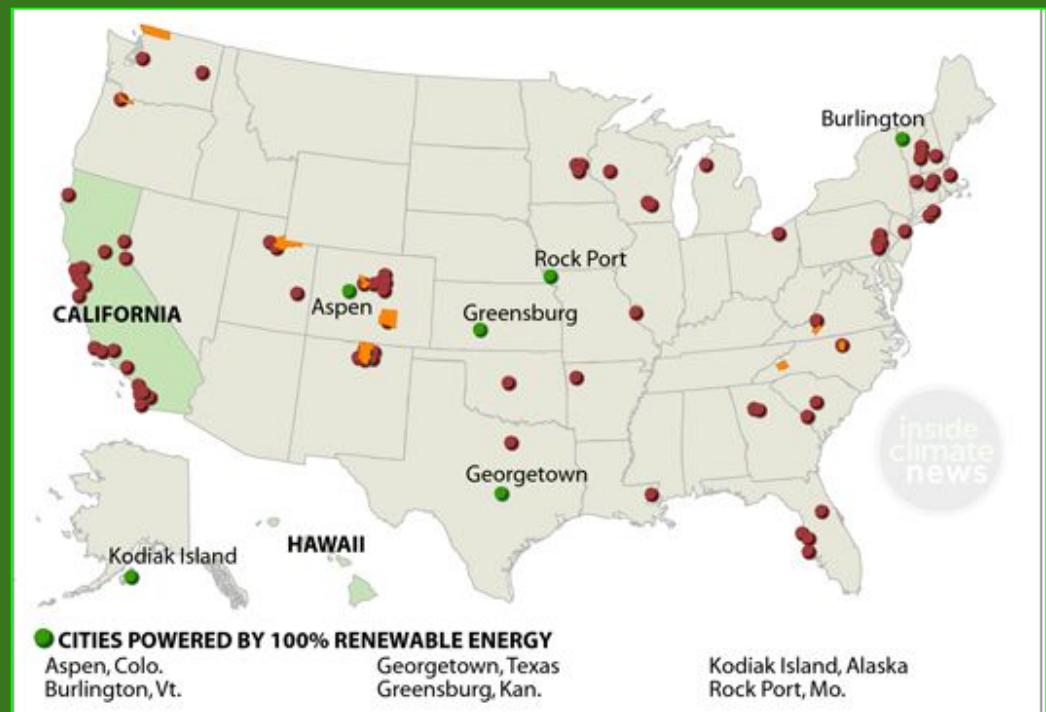

The Savings

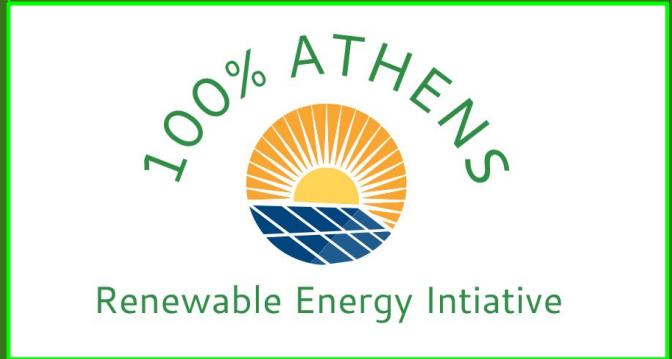

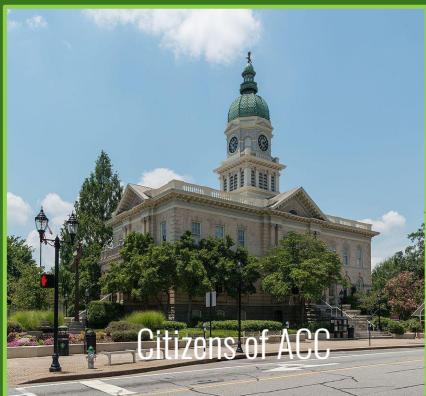

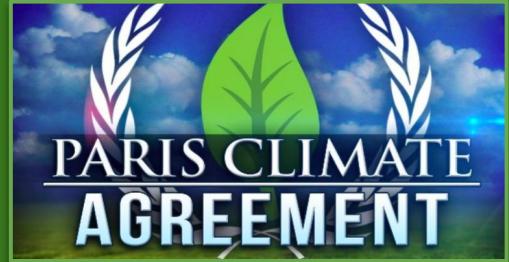

- Represents a 7.2% rate of return
- Primarily will come from the general fund
- A payback period of 14 years

Athens will be joining a nationwide movement...

Over 100 cities, states, and counties have adopted 100% Clean Energy goals.

a RESILIENT and SUSTAINABLE future

- \$1.3 Million of annual savings
- Local jobs
- A cleaner and more resilient community

“Everything has to change,
and it has to start today.”

Greta Thunberg, 16
Swedish Activist
