

70A - Jackson Street Art Walk

Original Project Total Cost: \$ 5,239,000

Total Operating Cost: \$ 12,000

Alternate Project Total Cost: \$ 4,585,000

Alternate Total Operating Cost: No change

Project Description: We are offering an alternative for the Jackson Street Art Walk to reduce the original request by \$500,000. This approach would consider alternative materials for street paving, a range of stormwater control designs and other efficiencies to bring down the costs.

However, we would urge the committee to consider the full funding of the original proposal to ensure the highest quality possible for these amenities and maintain the visual appeal intended for this proposal. The site has the potential to represent the best of the creative character of Athens.
