Masks On, Athens!

Wear a face cover in Athens-Clarke County whenever you are going to be around other people. Face covers help slow the spread of COVID-19 by protecting you and other people around you. We're all in this together.

- **Medical grade masks are not necessary for most uses.**

- **Face covers may be made from household items such as scarves, bandanas, or other suitable fabrics.**

- **Face covers should cover the mouth and nose.**

- **Follow CDC guidelines for putting on, removing, and washing cloth face covers.**

ACCGov is distributing some reusable cloth face covers through:

- Athens-Clarke County Library
- Athens Community Council on Aging
- Athens Free Clinic mobile testing unit
- Clarke County School District food distribution pods
- Leisure Services Community Centers, Parks, and Facilities
- Police Headquarters
- Transit Multimodal Transportation Center and buses
- Water Business Office

Free Testing Options for COVID-19

Anyone can be tested for COVID-19, whether or not you have symptoms. Residents without a doctor or primary care provider can visit an urgent care center or federally qualified health center, use the Augusta University ExpressCare app, or contact the following to make a testing appointment. *Hours and days may change.*
