

TSPLOST 2023

ALTERNATE PROJECT REQUEST

A. **Project Number & Name:** 05 - Bridge Improvement Program

B. **Name:** Stephen Bailey

C. **Original Project Budget, after Technical Review (round to nearest thousands):**

Total TSPLOST 2023 Request:	\$ 4,694,000
Annual Operating Cost:	\$ 1,000

D. **Submitter Requests:**

Only Consider the Original Project and not an Alternate Project request.

Only Consider the Alternate Project and not the Original Project request.

Consider Both the Original Project and the Alternate Project request.

My proposed Alternate Project Request is to combine multiple Projects into One Alternate.

E. **Describe how the modifications may impact the purpose and/or service or the equity described in the Original Project. IF COMBINING PROJECTS, be sure to provide the Main Project # and the Other Project #'s to be removed with the combined Alternate.**

Alternative Funding request would eliminate \$2.7 Million in funding for Bridge Upgrades/Replacements, and would only focus on baseline capital maintenance as identified by GDOT report. This critical maintenance is safety-driven and will extend the useful life of our bridges significantly. Unfortunately, this reduction in scope will eliminate the ability to provide matching funds for future bridge replacements and enhancements (including the ability to propose bridge widenings for bike/ped improvements and/or separated bike/ped bridges at prioritized choke points.)

F. **Alternate Project Budget (round to nearest thousands):**

Total TSPLOST 2023 Alternate Request:	\$ 2,121,000
Annual Operating Cost:	Unchanged
